

## City of Travelers Rest Plan Review Application

I acknowledge that it is my responsibility to:

1. Provide 1 copy of architect/engineering drawings. Minimum size drawings accepted are 24"X36" and 1 PDF of same.
2. Plans must include complete working plan for architect life safety code analysis/ADA requirements, structure, electrical, plumbing and mechanical. Plans must be sealed with applicable State of SC Registered Design Professional and firm seal or COA as applicable.
3. Land Development: Site plan with topography, retention pond, location of storm drainage, calculations and sediment control. Permit must be obtained from Greenville County, if required.
4. Obtain sewer tap or make application for septic tank with DHEC.
