

Public Works Summary for July 2021

- **Sanitation**: We are still getting request for recycle carts and Greater Greenville has been delivering these as they come in. Greater Greenville's lead time on roll carts is the end of September. Our recycling program continues to increase, and we expect this to continue as the roll carts are rolled out. We had two complaints the month of July from residential about yard waste not getting picked up. The complaints on the start time have decreased due to greater Greenville changing the collection times.
- **Road and Bridge**: We had a total of 8 complaints from road and bridge. There were two encroachment permits signed for July. Both were for sewer taps on Athens St for two new homes.
- **Sewer**: Two sewer evaluations were conducted on lots in the city. We are looking at conducting more sewer rehab work in the next few months. We are also in the process of applying for a grant to offset some of this cost.
- **Building / Grounds Maintenance**: We are still receiving good feedback on Jan Pro our cleaning service. Public Works staff and Police Department staff has built new office space on the Police Department side to help with staff offices.

We are waiting on the county rec to get quotes back planning to apply a seal coat to the section of the trail in front of Loftis Printing to Roe Rd. Greenville County will provide the contractor for this. We were able to install one recycle trash can along the trail near Tree House Café. We also obtained a grant from The Greenville Realtors Association and Duke Energy to help with the construction of Two new dumpster enclosures and other projects on the trail. We will be installing six picnic tables along the trail in a few weeks.
